

SUDHANSHU VISHNOI

WORK EXPERIENCE

Google Summer of Code (GSoC)

Worked on ReSpec under Mozilla (goo.gl/y9ZiyT)

April 23, 2018 - present

EDUCATION

Masters in Computer Applications	B.Sc. Physics (H)
University of Delhi	University of Delhi
2016-2019	2013-2016

PROJECTS

- Bleu (sidvishnoi.github.io/bleu)
 - developed a fully featured and extensible static site generator
 - reduced build time by only building updated files and their dependencies
- Merge Facebook feeds (sidvishnoi.github.io/fb-dev-interest)
 - created Chrome extension that filters Facebook Dev Circle groups to get only the posts of your interest in your feed.
 - won Facebook Developer Circles Challenge 2017
- Chat Application (sidvishnoi.github.io/socket-chat)
 - made use of Unix network sockets API
 - features user authentication, multiple chat-rooms and private messaging & terminal based user interface (inspired by IRC)
 - implemented a persistent object-based database to store data
- du -cs : www.ducs.in (sidvishnoi.github.io/ducs)
 - Created unofficial website for department
 - hosted dept activities like Sankalan (annual tech fest) and Srijan (annual magazine).

POSITIONS OF RESPONSIBILITY

- Web developer and maintainer for official dept website.
- Technical lead at Sankalan 2018, the annual tech fest of DUCS

ORGANISATIONS
